## Property Description

Located only 15 minutes South of Indianola, this farm would make the ideal spot for a weekend getaway or future home site. With two ponds to the West and expansive timber ridges to the East, the views are captivating. The farm currently has native grass plantings over most of it, with adjacent crop fields to the South, making it ideal bird hunting habitat. The timber fingers running through the property connect the ag fields to larger timber blocks. As evidenced by the scrapes, rubs, and many trails throughout, the whitetails are using the property as well. The 10 year CRP contract expired at the end of September for this property, providing the option for the new owner to convert back to row crop or re-enroll in CRP. This flexibility allows the freedom of a blank slate, with the opportunity for a return on the investment.

If you're looking for a place to build a home or cabin within commuting distance of Des Moines, this property is one that demands a closer look.

- Gorgeous Views - 2 nice sized ponds - Established grass plantings - Wildlife on property - Only 1 1/4 miles off pavement - Easy Access from I35 or Hwy 69 - Commuting distance to Des Moines - Utilities at Road - Flexibility of Row Crops or CRP - Well maintained trails

## Driving Directions

From Indianola, Travel South on Hwy 69 for 13 miles. Take a sharp left (West) onto G76 Hwy and travel about 2.1 miles. Turn South (right) onto 130th Ave and travel about 1.25 miles to the property. The farm will be on the Right (West) side of the road. Look for a property sign.
